

This is what exhibitors say about IRWM 2007:

"Good quality leads, enjoyed the show and worked very well for us."

Scott Ballantine, Sales Executive. Macrete Ireland Ltd.

"Lots of new business, we were exhibiting for the first time and finalised a deal on the opening morning of the show. We will be back next year!"

David Hughes. AutoDrain

"The show was set out to perfection and was so good - we booked a stand double the size for next year already. The results for us were very good having just received orders for over €250,000 after the show."

James Croke, Managing Director, ELLICRO Environment Care Ltd.

"We thought the show was good as we sold a Road Sweeper from the stand. It was useful for establishing more links with customers in the Republic of Ireland."

Alastair Calderwood, Sales Manager, R.D.Mechanical Services Ltd

"IRWM is the best organised recycling event in Ireland. We would certainly consider exhibiting next year."

Ian Watson, Director, Ecosystem Ltd.

"A valuable vehicle for not only opening up new markets in Ireland, but also a platform to learn about both, opportunities and constraints, within the recycling sector. "

Frazer Walker, Director, Ecosac

"Good quality visitors to our stand with serious enquiries. A well organised exhibition with excellent support personnel from Faversham House."

Eugene O'Brien, Sales Director, RDI Ltd

"Good show. Introduced company to Ireland, met some good contacts."

Bob Anderson, Business Manager, Orchid Environmental

"The pre-show mailer generated one great lead that now has converted into a customer. This customer has the potential to pay for the show several times over."

Clive Marks, Owner, Enviro Clean
